

PATH Plans

This half-term, you should have had a meeting with your child's class teacher to go through their personalised PATH plan.

This plan outlines their outcomes for the year and the small targets we hope they will achieve on this journey. The interventions, strategies and resources that we will provide as a school are also part of this plan.

This plan is something we would like your contributions towards so please speak to your child's class teacher if you feel anything else needs adding.

Parent and Carer Questionnaire

Please keep an eye out for the SEND Parent and Carer Questionnaire that will be shared with you via Dojo after half-term.

This is your opportunity to share your thoughts and opinions about our provision for SEND children and how to continue to support pupils further.

As part of our commitment to inform parents and carers about our work at school, we wanted to share with you an update report on our work for children with Special Educational Needs.

Autumn 2021

Extra-Curricular Activities for SEND children

There are some amazing groups in the local area which provide clubs and activities for SEND children during term-time and in the holidays.

The Strong Kids Club is a non-profit organisation who run a range of clubs and events. You can follow them on Facebook or Instagram.

Aiming High holds specially tailored sessions during term-time and holidays that young people can access.

Pupil Questionnaire

Pupil voice will also be sought in school by a low-key survey. This will also allow us to gain the children's views of what is working well in their eyes and what they think needs improving.

Website

The school SEND webpage is regularly updated with resources and links to useful materials. There are several workshops on there which can be watched at your leisure covering topics such as Our Daily Routine at Home, Mood Movers and Sensory and Messy Play.

Reading

As a school, our focus this year is about raising standards and the profile of reading.

We hope that your child is enjoying the new Hero Academy books. As part of our new whole-school approach to reading, your child will be part of two guided sessions a week as well as some of our pupil's having daily reading in school. Please support us with this by hearing your child to read at home too. If you need any further support with ideas or strategies with hearing your child read, please speak to their class teacher or Mrs Brookfield.

If you would like to talk to someone in school about Special Educational Needs at any time, please feel free to contact Mrs Brookfield (SENDCo)
